

| Cultural activities, exchanges and excursions

▪ Cultural activities

Cultural activities available in the capital of Catalonia are world famous and include great museums, world class concerts, theatres, galleries, and festivals in the city throughout the year. UAB Idiomes Barcelona organizes visits for its students to some of the many interesting local events that help bring the city alive.

See the city council's culture section at: <http://www.bcn.es/cultura/english/>

All cultural activities depend on the number of participants. Each week, the School posts the activities and excursions on the notice board with the price.

▪ Exchanges with local students

UAB Idiomes Barcelona has over 600 local students enrolled on English, German, French and other language courses. Many of these students are interested in meeting foreign students and "exchanging" languages in a relaxed and informal way. Check the notice boards at the school when you arrive.
